

## 4501 Mat Cutting System Complete Package 1

Finally, everything you need to take care of your matting needs. All in one box! All for one low price! This Complete Special costs less than competitors straight cutters!

Now anyone can cut single, double, and triple mats, complex corners, combination mats with circles and ovals, and much, much more. Everything you need to get started in one box. The 4501 is a versatile, easy to use mat cutter with a 31" straightedge that will cut borders to 6 inches. Includes a "How to" DVD, blades, sample mat board and complete printed instructions.

The 4501 Mat Cutting system comes complete with 8" x 32" base, patented "Post and Hole" measuring system, Model 45 Cutting Head, complete instructions, a couple pieces of practice mat board and 5 blades. That's everything you need except a good, sharp pencil! Portable and easy to store, the 4501 Mat Cutter is ideal for artists, photographers, craft enthusiasts, teachers and others who are looking for an easy and affordable tool to measure and cut mats.

### The 4501 System Package 1 includes:

### SPECIFICATIONS:

**31" Cutting Guide:** A precision made, anodized aircraft aluminum straightedge.

**Base:** Sturdy 32" laminated base with cutting surface included.

**Post-Hole Measuring System:** This patented system speeds the measuring and layout of any mat design. It's easy, easy, easy! Cut border widths from 1/4" up to 6"!

**Model 45 Cutting Head:** A 45° spring loaded bevel cutter engineered to fit the human hand, made from 33% glass-filled nylon for strength and durability.

**Blades:** Honed on both sides especially for mat cutting and maximum sharpness. When one end of the blade gets dull simply flip it over for another sharp tip. Uses the same blade as the Model 360 Circle Cutter and Model 90 T-Square Cutter.

**34-page Complete Illustrated Instructions:** Clearly guides you from basic to complex mat designs. The finest, most comprehensive set of mat cutting instructions available.

**Cutting Surface: Included!**

**Practice Mat Board:** Two pieces of practice mat board included!

**MAKE MATS TO FRAME OR DISPLAY** - Paintings - Photographs - Baseball Cards - Needlework - Prints - Posters - - Crafts - Diplomas - Child's Art - Collages - Family Trees - Button Collections - Family Crests - Coin Collections - Watercolors - Documents - Stamp Collections
